

# Pesticide Products Assessed for Use on Cannabis in California C00000Updated:01+000 March 12, 2025

This list includes all products vetted to see if they meet California's legal use criteria. Please view column G (Can this product be used on cannabis? Y/N) to view which products are consistent with and meet California's legal criteria for use on cannabis.							
This list is not an endorsement or recommendation to use these products in the production of cannabis, nor is it an exhaustive list of all products that may meet California's use criteria.							
Products exempt from registration under FIFRA 25(b) and 3 CCR 6147 (25(b) products) are not scientifically reviewed by DPR and will not be included in the list, though they may meet the criteria for use in California.
